

## Mixed Practice Veterinarian

Young is thriving and we'd love a new vet to join our fabulous team!

At Young Veterinary Clinic we live by our core values and have developed a strong clinic culture that means:

- Animals come first
- We're all in this together so teamwork is a must
- Opportunities for growth and learning are available and encouraged
- We like to have fun whilst providing high quality veterinary care for our valued clients

We are a fast paced, enthusiastic mixed practice and we are looking for the person that will fit into our team. At Young Veterinary Clinic you will work with senior clinical vets with varied special interests to help you advance your skills. We actively encourage you to continue your education through workshops, courses and conferences. You will promote veterinary medicine and surgery. Your day will begin with our team of vets coming together for clinical rounds discussing the current cases under our care. Then whether consulting, performing routine day surgery, hitting the road for some large animal calls or assisting in some high end orthopaedic surgery, the variety is endless. You are supported by an experienced and skilled nursing team and will be part of a team that is constantly moving forward.

We have all of the equipment necessary to perform high standards of care including digital X-Ray with floating table, full inhouse IDEXX suite of machines, Storz endoscopy, ultrasound, Minividas progesterone, video microscopy.

### **We are looking for someone who has:**

- A can do personality and is optimistic about life
- Excellent communication skills and finds it easy to build relationships with people

- An empathetic nature and yet understands why we need to balance the needs of the Pet, Client, Team and Owners
- Time management skills and the ability to prioritise tasks whilst still being flexible to cope with the emergency that comes in the door

**Our package includes 4 weeks annual leave, 1 week paid conference leave, a 4 day working week with shared after hours, fully equipped work vehicle with phone, well remunerated after hours pay and generous above award salary depending on experience.**

### **Why Young?**

Young Veterinary Clinic is situated in Young, in the highly productive south west slopes region of NSW less than 2 hours from Canberra. Young is a vibrant, progressive regional centre with award-winning coffee and eateries. Leave shopping malls behind and step into the sunlight of Young's vibrant centre with exclusive boutiques, hair and beauty salons, 3 supermarkets, gourmet butchers and plenty more. The town supports a strong cultural and musical community as well as many sporting clubs. There is a well-resourced hospital and medical centre and great schools for the kids. The successful applicant would be highly encouraged (and expected) to engage in all that Young and surrounds have to offer.

Young is renowned as the cherry capital of Australia, venture into the orchards to pick your own or stop by one of the many roadside stalls to fill the car with the sweet aroma of cherries and cherry pies. Young is also famous as having the first electricity supply in the British Empire, before the state capitals....even before London!!

### **How to Apply**

**Applications can be addressed to Dr David Woodward and emailed to [monique@youngvetclinic.com.au](mailto:monique@youngvetclinic.com.au) or for enquiries phone the clinic on (02) 6382 5155 for further information.**
